

An important business decision

Bringing on people of the best character can raise the performance and perception of your company. But it's not always easy to see who is made of the right fiber during an interview, and there are risks involved if people with dishonest backgrounds are hired.

Pre-employment screenings can help ensure you hire people with strong values.

Providing you peace of mind

Motorists Mutual Insurance Co. is helping you make sure you get the right people. The company has partnered with IntelliCorp Records Inc. to provide you pre-employment background checks at a reduced cost. For discounted rates, prospective employees can be screened in a variety of areas.

The power to help

IntelliCorp is a leading national provider of background checks. The company provides services for some of the largest companies and nonprofit organizations in the country. IntelliCorp services help reduce exposure to fraud, workplace violence and negligent hiring lawsuits.

IntelliCorp has packaged some of its most popular products at a reduced rate, which include:

- Nationwide Criminal Search
- 50-State Sex Offender Registry
- Social Security Address Check
- Terrorist Search – Identifies people and organizations involved in terrorism and international narcotics. Assists in meeting OFAC requirements.
- One Single-County Check – Criminal records held at a county-seat level that generally include felony and/or misdemeanor records. Useful when a more comprehensive and/or current database search is necessary.

IntelliCorp's database is continually updated, and records are compiled from the broadest range of sources available — state, county, local and municipal. And through IntelliCorp's stringent quality-assurance and data-management program, customers are provided with industry-leading criminal information.

Making it easy

We want to make sure this service is as easy for you to use as it is thorough. You can access IntelliCorp's Web site through a link on www.motoristsource.com. All you need to do is use the available promotion code and register for credentials with IntelliCorp to run searches and view reports.

It is important that you are the one who orders these reports. This is a valuable service, but because of strict hiring practices, only the prospective employee's hiring supervisor should use IntelliCorp's services.

IntelliCorp also has a list of helpful frequently asked questions about its services on www.intellicorp.net. promotion code: MIGMOTOR
